

CMSA FEE SCHEDULE FOR CAPACITY CHARGES

Fee Schedule effective July 1, 2025

- | | | |
|------|--|-------------|
| [1] | New sewer connections for residential units, whether in single-family or multiple-family configuration. Per service unit: | \$7,747.39 |
|
 | | |
| [2] | Other new sewer user connections, including commercial, public agency, non-profit and all other users, except industrial and high strength users. Per plumbing fixture unit, as defined in the UPC: | \$484.21* |
| | Residential fee [1] divided by standard number of plumbing fixtures per unit ($\$7,747.39 \div 16$) | |
|
 | | |
| [3] | Expansion of an existing residential sewer connection fixture unit or expansion of all other sewer connection [2] user categories, except industrial and high strength users. Per new or additional plumbing fixture unit, as defined in the UPC: | \$484.21* |
| | Residential fee [1] divided by standard number of plumbing fixtures per unit ($\$7,747.39 \div 16$) | |
|
 | | |
| [4] | New High Strength User connection and/or expansion of existing High Strength User connection fixture units, including restaurants and bakeries. Per plumbing fixture unit, as defined in the UPC: | \$1,133.05* |
| | Commercial fee [2] multiplied by the high strength factor 2.34 ($\$484.21 \times 2.34$) | |
|
 | | |
| [5] | New industrial structures and/or those new sewer users which, as determined by the Agency's general manager, discharge special volumes or strengths of wastewater shall be charged a regional capacity charge established by Board action in each individual case. | |

*But not less than \$7,747.39 per connection, the minimum fee if a new connection is added.
